

CRN named Keep IT Simple to its 2020 Solution Provider 500 list

PARTNER UPDATE – July 16th, 2020

Dear reader,

We want to inform you that CRN®, a brand of The Channel Company, has named Keep IT Simple (KIS) to its 2020 Solution Provider 500 list. [Read our news release.](#)

Each year, CRN releases its list of top 500 solution providers, a ranking of the leading IT channel partner organizations across North America by revenue. CRN's Solution Provider 500 list serves as the industry's benchmark for recognizing the top-performing technology integrators, strategic service providers, and IT consultants, and as a valuable resource for technology vendors looking to partner with top solution providers.

As many of our clients had to switch to working from home operations sedately, KIS and the team quickly provided virtual desktop solutions, computer hardware, video conferencing tools, and other cloud applications to homebound employees. Despite the pandemic and economic shutdown, the KIS team managed to provide its clients with the necessary remote work tools in a timely matter.

We are excited to be accepted into CRN's Solution Provider list, and we are thankful to our clients for reaching out to us for help.

Keep it simple, and let us continue helping with your remote tech needs.

David
